

# Waterfront Plan Update POLICY ISSUES

[www.sfport.com/wlup](http://www.sfport.com/wlup)

Waterfront Plan Update Project

<b>SEA LEVEL RISE</b>	How should the Port manage and prepare for climate change and sea level rise?
<b>SEISMIC SAFETY</b>	How should the Port strengthen the 4-mile Embarcadero seawall and improve seismic safety?
<b>ENVIRONMENT</b>	How should the Port update policies for environmental protection and sustainability?
<b>HISTORIC RESOURCES &amp; PORT FACILITIES</b>	How should the Port prioritize investments in repair, maintenance and replacement of Port facilities, including historic resources?
<b>OPEN SPACE</b>	How can we expand recreational open space activities? How do we improve the Embarcadero Promenade and public realm that complements transportation improvements?
<b>MARITIME BERTHING</b>	How do we balance the needs of maritime berthing and accommodate more public access on piers?
<b>TRANSPORTATION</b>	How can we prioritize transportation services and improvements?
<b>DEVELOPMENT</b>	How much is left to develop, what are the priorities for such development, and how can the review process be improved?
<b>FINANCES</b>	What are the Port's existing and future revenue sources? How does the Capital Plan advance Waterfront Plan objectives?
