# **Synopsis of Port Leasing Policies**

The Port Commission has delegated authority to Port staff to execute certain leases, licenses and memoranda of understanding that meet the following criteria:

1. Use Type:

The agreement is for an office building or bulkhead office space, open or enclosed pier shed space, paved or unpaved open space, or open pier or apron space or roof-top space but is <u>not</u> for a retail use.

### 2. Use Consistency:

Except for temporary uses (with terms not exceeding six (6) months), the use under the agreement represents a like-kind use to the existing or the immediate prior use of the facility.

#### 3. Assignments and Subleases:

Unless otherwise explicitly provided by the Lease, staff is authorized to consent to assignments and subleases on a form approved by the City Attorney and provided the terms and the conditions of the sublease or assignment complies with the terms and conditions of the Lease.

### 4. As-Is Execution:

The tenant executes the Port's appropriate\* standard form agreement with no alterations except for minor changes approved by the City Attorney or changes in insurance requirements approved by the City Risk Manager.

### 5. Term Limits:

The term of the agreement does not exceed five (5) years, except for those leases in the Fisherman's Wharf Seafood Center at Pier 45 Sheds B and D that have a maximum lease term of ten (10) years (Port Resolution No. 94-122; Amended February 28, 2006, by Resolution No. 06-15). Leases for telecommunication sites may be up to nine (9) years (Port Resolution No. 96-123).

### 6. Select Tenant Improvement Allowance:

Port staff has the authority to issue tenant improvement allowances for floor and wall coverings if those credits do not result in the net rent over the term of the lease to be below the Minimum Net Effective Rental Rates found in the Rental Rate Schedule. Allowances for paint (amended June 8, 2010 by Resolution 37-10) up to a maximum of \$3.50 per square foot, and for floor covering, up to a maximum of \$5.00 per square foot (amended July 10, 2012 by Resolution 12-52), are allowable when: 1) new paint and/or floor covering is necessary in order to lease space in full service office buildings; and 2) Port staff is unable to perform such work prior to the proposed lease commencement date. These allowances are considered "landlord's work"; therefore such work is not included in calculating the minimum Initial Lease Rental Rates.

### 7. Limited Early Entry:

One month rent-free early entry to include rent abatement for each year of lease term may be granted, up to three months, for the purpose of space preparation (not to exceed three months). (Amended July 14, 2009 by Resolution No. 09-34).

#### 8. Compliance with Laws:

The standard forms require compliance with all laws, explicitly including requirements for compliance with environmental laws including hazardous materials handling and cleanup; City zoning laws; the Port Waterfront Land Use Plan; and consistency and compliance with the Secretary of the Interiors' Standards for the Treatment of Historic Properties and the Port of San Francisco Historic Preservation Review Guidelines for Pier and Bulkhead Wharf Substructures.

#### 9. Large Land Discount:

Port staff is authorized to offer a 5% discount for land transactions with minimum premises of 43,560 square feet and a minimum term of 36 months (Amended June 8, 2010 by Resolution 10-37).

### 10. Rental Rates:

The Port's leasing policy provides for an annual update of the Rental Rate Schedule. The Rental Rate Schedule sets ranges of minimum lease/license rental rates per square foot and ranges of Minimum Net Effective Rental Rates per square foot (if any rent credits are to be provided) by type of use and facility for office, shed and industrial space.

#### 11. Reporting to Port Commission:

Port staff provides a monthly report to the Port Commission indicating Leases, Licenses, Memoranda of Understanding, consents to sublease, and assignments executed pursuant to this policy.

- 12. The City's administrative policy is to competitively solicit leasing opportunities, except where impractical or infeasible. The Port has a high volume of leases (about 550) for relatively small leased areas at nominal rental rates. To competitively bid such a large volume of leases would be impractical because the benefit of doing so does not outweigh the cost of resources that would be required just for this effort. Moreover, Port is generally able to accommodate most entities that wish to enter into leases for general special events, offices, and pier and open land storage space. As such, it is the policy of the Port not to competitively bid leases or licenses for special events, office, warehouse space, or unimproved land. Instead, for these fairly routine leases, the Port relies on the parameter rental rate structure that is based on an analysis of comparable rent charged in the private sector and/or based on existing conditions of individual properties as adjusted annually to reflect market conditions. However, where a business model is highly competitive and represents a major revenue opportunity for the Port (e.g., development opportunities, retail leases, parking lots, concrete batching, construction materials recycling), the Port would issue a competitive solicitation.
- 13. The Port's Executive Director is authorized to waive Public Art use fees in license agreements and MOUs under the following circumstances: (i) there are no other uses for the space during the term of the license/MOU that would generate rent to the Port; (ii) no uses would be displaced; (iii) the Port does not expend any or only minimal or incidental resources or revenues to support the installation; (iv) there is a direct benefit to the Port in that Public Art enlivens and attracts people to the waterfront, and (v) the sites that are most likely to be attractive for large scale public art, and that have adequate space for a variety of types of installations include: Pier 14, Cruise Terminal Plaza, Harry Bridges Plaza, Brannan Street Wharf, Crane Cove Park, and Heron's Head Park. Port staff would continue the practice of informing citizen advisory committees and presenting informational items on public art installations to the Port Commission. (Port Commission Resolution No. 15-21.)

14. The Port's Executive Director is authorized to waive Subsurface Utility Distribution Infrastructure use fees in license agreements and MOUs under the following circumstances: (i) the infrastructure is intended to be utilized in whole or in part for distribution of public utility or fire suppression services to the Port or Port tenants, (ii) the utility is located beneath a current or future street right of way that is not anticipated for any other use and the applicable federal, state or local governmental agency, commission, or department has maintenance and repair obligations for the infrastructure; (iii) the term of the real property agreement does not exceed 66 years (subject to Board of Supervisors approval if otherwise required due to the term); and (iv) any real property agreement includes requirements for the removal of such infrastructure if the street right of way is vacated or if the use is no longer consistent with the public trust at some point in the future. The delegated authority would not extend to the issuance of real property agreements for non-public utilities or utilities that primarily support revenue-generating enterprise activities; transmission only facilities (as opposed to distribution facilities) or telecommunications, cable or wireless services. Such agreements will continue to be subject to compliance with the parameters established by the Commission.
