

Updates on Navigation Center Operations:

As shared during the August 5, 2020 Advisory Group Meeting:

- The Embarcadero SAFE Navigation Center has been repurposed to serve COVID-Negative / COVID-Unknown individuals experiencing homelessness
- The COVID-informed capacity for the repurposed site is 88 guests, **81 guests were onsite as of August 15, 2020**
- HSH is working closely with 5 Keys to transition the database and will provide more detailed data in September
- DPH mitigation and prevention strategies have been implemented including:
 - Health Screenings: 1 x day and upon entry/exits
 - Janitorial services increased to ensure cleaning of frequently touched surfaces multiple times a day
 - Mobile handwashing station placed in community/dining room and hand-sanitizer at multiple locations to increase access to sanitation
 - Guests and staff are provided and encouraged to wear face coverings
