### COMMUNITY

Outreach & Relations

### Outreach & Relations

- Before announce:
  - Began conversations with existing Portola Neighbor list via email
  - Began conversations with City of Alameda and Alameda PD
- Since announce:
  - Initial flyering through Bayview, Dog Patch, Potrero, and Hunter's Point
  - Initial email to complainants from 2022
- Website with info about outreach hotline during the event and specific email address active before, during, and after the event

- Work with our internal DE&I team
  - Virtual Hiring Fair on 8/30
  - Career Exploration Panel on 9/27 at The Midway
- Additionally encourage security and other vendors to participate or host job fairs
- Offer first on-site opportunities to restaurants and cafes in Bayview and adjacent neighborhoods
- Project Wreckless activation on site during the festival
- Increased and expanded neighborhood cleaning

## Sound Management

- Sound Mitigation & Monitoring
  - Sound Monitoring Group, ErevuGroup
  - Five (5) stationary dB readers in addition to roaming readers
  - Dave Rat, Audio Specialist & Engineer
  - Redesigned sound system and speaker orientations

- Noise Complaints
  - Can call hotline directly or contact
     311, which will specifically direct
     them to our website or hotline
  - Hotline leads to live call center
  - If call center is already engaged,
     neighbor will be given an email
     address to reach out as well as an
     opportunity to leave a message

### TRAFFIC PLAN

### Traffic Overview

#### **Shuttles**:

- 24th Street BART pick up and drop off
- Engaged with BART confident in existing train amount and frequency
- Pick up and drop off patron queues on Illinois Avenue

#### **Rideshare**:

- Designated zone on Illinois between 23rd & 24th for ingress and egress
- TBD Additional pickup zone South of Marin at Illinois St and Cargo Way

#### MTA / SFPD:

Work closely on all traffic control measures including appropriate permitting /closures

#### Muni:

 Work with on opportunity for extended hours and/or extra cars from 3rd Street Light Rail and buses

#### Cabs:

Cabs queue on Illinois between Marin and Cesar Chavez

#### **Bay Wheels:**

 Promote use of Bay Wheels at existing docks in surrounding area

#### Biking:

Bike valet via San Francisco Bicycle Coalition with increased messaging

Dates on Site at Pier 80: September 21 - October 4, 2023

Event Dates: September 30 & October 1

Event Hours Outside: 1:00PM - 11:00PM

#### **Community**

Proactively reach out and continue to engage Bayview and adjacent neighborhoods utilizing existing contacts and methods while working purposefully on effective means of communication to encourage involvement and awareness based on learnings from last year

#### **Noise Mitigation**

Direct and contain sound to site utilizing specialized sound systems controlled by our audio engineer and specialist within standard hours for outdoor live entertainment, and work with community relations specialist, hotline call center, and noise monitoring company to address complaints in real time

#### **Traffic Plan**

Adjust rideshare zones based on neighbor and entity feedback - Work closely with city agencies to ensure smooth and efficient traffic control measures utilizing public transportation means
