

Waterfront Plan Update – Transportation Subcommittee Meeting Overview & Proposed Topics for Subcommittee Discussion

Introduction Meeting (October 26, 2016 – Post Guiding Principles)

1. Introductions – Meet and Greet
2. Overview of Transportation Topics
3. Overview of Meeting/Process

Meeting 1 (November 9, 2016)

1. Meeting Protocols
2. Review Goals of Meetings
3. Discuss topics to be interwoven into each topic
4. Review and Confirm Meeting Plan
5. Meeting 1- Transportation Topic Issues
 - a. Goods Movement (discuss issues, make recommendations)
Focus Statement: The Port should protect and enhance access to support land side goods movement including truck access, freight rail access and adequate loading areas.
 - b. Water Transportation (discuss issues, make recommendations)
Focus Statement: How can the Port enhance or expand facilities to support water transit for ferries, water taxi's or chartered commuter excursion
 - c. Review financial needs and considerations of recommendations
 - d. Summarize Recommendations
6. Review Next Meeting Goals

Meeting 2 (December 7, 2016)

1. Review Recommendations from meeting 1
2. Review Goals of Meeting
3. Meeting 2- Transportation Topic Issues
 - a. Land Transportation/Transit (discuss issues, make recommendations)
Focus Statement: The Port should work with SFMTA and other transit providers to enhance transit along/to/from the waterfront for visitors and the workforce and consider improvements that facilitate more efficient utilization of the roadway for all users.
 - b. Pedestrian and Bicycle (discuss issues, make recommendations)
Focus Statement: What types of public realm improvements along the waterfront will encourage multi-modal options and universal access for people along the Port's waterfront? How should the Port and SFMTA coordinate to define and prioritize pedestrian and bicycle safety and improvement projects.
 - c. Review financial needs and considerations of recommendations
 - d. Summarize Recommendations
4. Review Next Meeting Goals

Meeting 3 (January 25, 2016)

1. Review Recommendations from meeting 2
2. Review Goals of Meetings
3. Meeting 3- Transportation Topic Issues

- a. Parking (discuss issues, make recommendations)
Focus Statement: What policies should the Port adopt for its parking policies on Port streets, piers and upland properties, including pricing structures to align with City Transportation Demand Management policies and to promote universal access and visitor access?
 - b. Transportation Demand Management (discuss issues, make recommendations)
 - c. Review financial needs and considerations of recommendations
 - d. Summarize Recommendations
4. Review Next Meeting Goals

Meeting 4 (February 15, 2017)

1. Summarize Results of Meeting 3
2. Review Meeting Goals
3. Review and Compare Policies and issues discussed in Meetings 1-3
 - a. Confirm Conflicts
 - b. Discuss resolution to conflicts
 - c. Recommend final policies or issues to discuss with full working group
4. Discuss Next Steps and determine need for future meetings

Topics to be interwoven into each topic item:

- Accessibility/Mobility
- Transportation Demand Management
- Public Realm and Urban Design
- Financial needs and considerations
