

Port of San Francisco

19th and Georgia St Extension

OVERVIEW

As part of the Crane Cove Park project, the Port will be constructing an extension of 19th St and a new Georgia St down at Pier 70. 19th St will be connected at 20th St, run southeast, make a 90 degree turn into Georgia St, and then be connected at 20th St. A significant portion of the funding of this contract is provided by a federal grant through Caltrans.

The total construction budget for this contract is approximately \$1.1 million.

RFP SCHEDULE

Activity	Target Date*
Commence Contract Advertisement	4th Quarter 2019
Pre-Bid Conference	4th Quarter 2019
Proposed Due Date	4th Quarter 2019
Notice to Proceed	1st Quarter 2020

*Subject to change

PROJECT SCOPE

The proposed project is to construct approximately 1,000 ft of road, including sidewalks, curb ramps and driveways. Utilities will be installed under the roadway, including combined sewer, fresh water, and recycled water. Streetlights will also be included, as well as striping. Coordination will be required with the other construction projects nearby in Pier 70.

Major Categories of Work

1. Earthwork and Paving
2. Asphalt and concrete work
3. Plumbing and Utility work
4. Electrical
5. Painting
