

**Contract No. 2786**  
**Pier 94 Backlands Improvement**

**Pre-Bid Meeting Questions:**

#	Question	Answer
1	If there is essentially no soil import for earthwork, why is the quantity for excavation (Bid Item No. 7) higher than the quantity for embankment (Bid Item No. 8)?	<b>Ken Chu/Arlen Ung</b> – The difference in the quantities is due to volume loss in compaction, loss of unsuitable material, and other factors.
2	Is the soil being installed for the landfill cap separate from the embankment?	<b>Arlen Ung</b> – Yes, the soil to be installed for the landfill cap is to be paid for under Bid Item No. 38 Landfill Cap – Import Soil Cap.
