SECTION 2 - WHARFAGE

ITEM NO. 200 WHARFAGE DEFINED

Wharfage is the charge assessed against the Cargo, calculated in accordance with the wharfage charges named in this schedule, for the passage of that Cargo onto, over, through or under wharves or wharf premises, or between vessels or overside vessels (to or from barge, lighter, or water) when berthed at wharves or wharf premises, or when moored in a slip adjacent to a wharf, wharves or wharf premise. Wharfage is solely the charge for use of wharves or wharf premises and does not include charges for any other services or facility.

ITEM NO. 203 WHARFAGE APPLICATION

1. Wharfage applies to all cargoes, except those shown as exemptions, at rates stated in Items No. 237 through No. 299.
2. The applicable rates, charges, rules and regulations for wharfage are those in effect on the date that:
 - (1) On outbound cargo, the vessel commences loading.
 - (2) On inbound cargo, the vessel commences discharging.
3. The same wharfage rates will apply whether the cargo is discharged onto or loaded from a wharf or is discharged or loaded overside a vessel directly to another vessel, or to or from the water in any slip channel, basin, or canal; unless otherwise stated in individual items.

ITEM NO. 205 WHARFAGE EXEMPTIONS

Wharfage will not be charged on:

1. Stevedoring equipment used in loading and/or discharging cargo.
2. Baggage when accompanying travelers (except automobiles).
3. Cargo which a vessel discharges and reloads, prior to departure, in order to load or discharge other cargo (over stowed cargo).
4. Outbound movement of cargo on which full wharfage has been paid to the Port of San Francisco on the inbound movement. (See Item 230, paragraph 7)

ITEM NO. 210 WHARFAGE - WHEN DUE AND PAYABLE

Wharfage is due and payable as follows:

1. On inbound cargo, before being discharged from the vessel.
2. On outbound cargo, before loading on board the vessel or being removed from the terminal.

ITEM NO. 215 RESPONSIBILITY FOR REPORTING AND PAYMENT OF WHARFAGE

1. Wharfage collection and payment to the San Francisco Port Commission must be guaranteed by the vessel owners, or agent and the use of the wharf, terminal, or mooring device shall be deemed acceptance and acknowledgement of this guarantee. Payment of all wharfage charges must be made before vessel departs the facility, unless such vessel, its owners or agent is established on the Commission's credit list. (See Notes 1 and 2)

EXCEPTION 1: When it is requested that the wharfage charges be assessed and collected from a responsible party or a Federal agency, and where satisfactory guarantee of payment is given the Commission, wharfage charges will be collected from the responsible party or Federal agency, in lieu of collection from the vessel as provided above.

NOTE 1: Those on the credit list are required to furnish a wharfage statement (PSF Form 14 and/or 14-A and/or 14-B) within 30 days after vessel completes her cargo operations at this port. If the wharfage bill is not paid within 60 days from the vessel's completion date, a credit account service charge will be assessed. (See Item 146)

NOTE 2: In reporting wharfage to the Commission, separate wharfage statements will be required for the following: inland waterways, coastwise, intercoastal, Puerto Rican, Hawaiian, Foreign and Offshore.

2. Removal of a cargo and failure to pay wharfage may subject the responsible party or parties to fine and/or imprisonment as established in City Ordinance No. 39-69.

3. Wharfage is a lien upon the cargo landed at the terminals of the San Francisco Port Commission, and the Commission may hold possession of the cargo to secure payment. For the purpose of the lien the Commission is deemed to have possession of the cargo until the charge is paid.

4. To enforce the wharfage charge and to clear the terminal or throughfare of any cargo remaining thereon for longer than the time prescribed in this schedule or by the Commission, the Commission may remove and store the cargo at the risk and expense of its owner; or it may sell the cargo at public auction, with or without notice. 2. Cargo, on which ocean freight is based on a combination of weight and measure, will be assessed wharfage on its measurement.
3. Cargo, moving on other than a weight or measure basis (i.e., per container, per package, each, etc.) will be assessed wharfage on weight or measure whichever provides the greater revenue.
