

# Embarcadero 2020 Quick-Build Projects

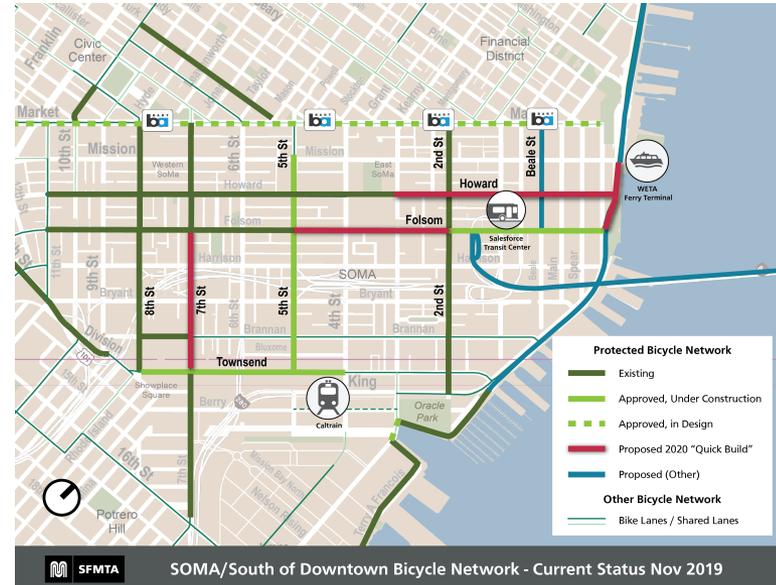

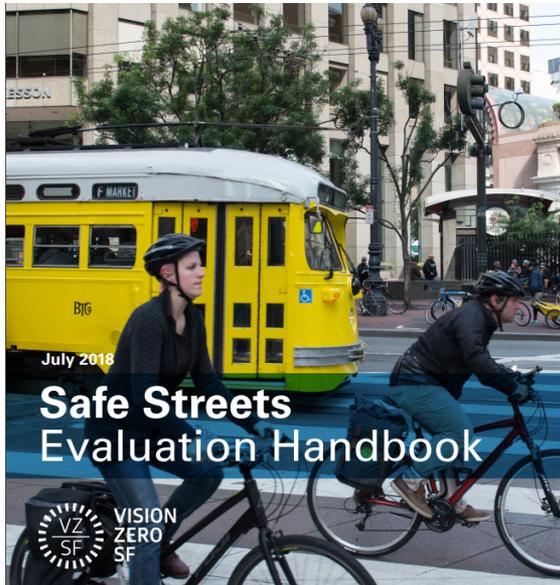

**SFMTA**

July 1, 2020

Northern Advisory Committee

# SFMTA Quick-Build Initiative

- Reversible/adjustable safety measures to improve safety now, allow for iteration and real-time community feedback for longer-term capital investments
- Evaluation and data library to inform projects and programming
- Recent examples: Valencia Bikeway Pilot, Better Market Street
- Active projects in SOMA on Folsom, Howard, Townsend, 7<sup>th</sup> streets

# Embarcadero 2020 Quick-Build Goals

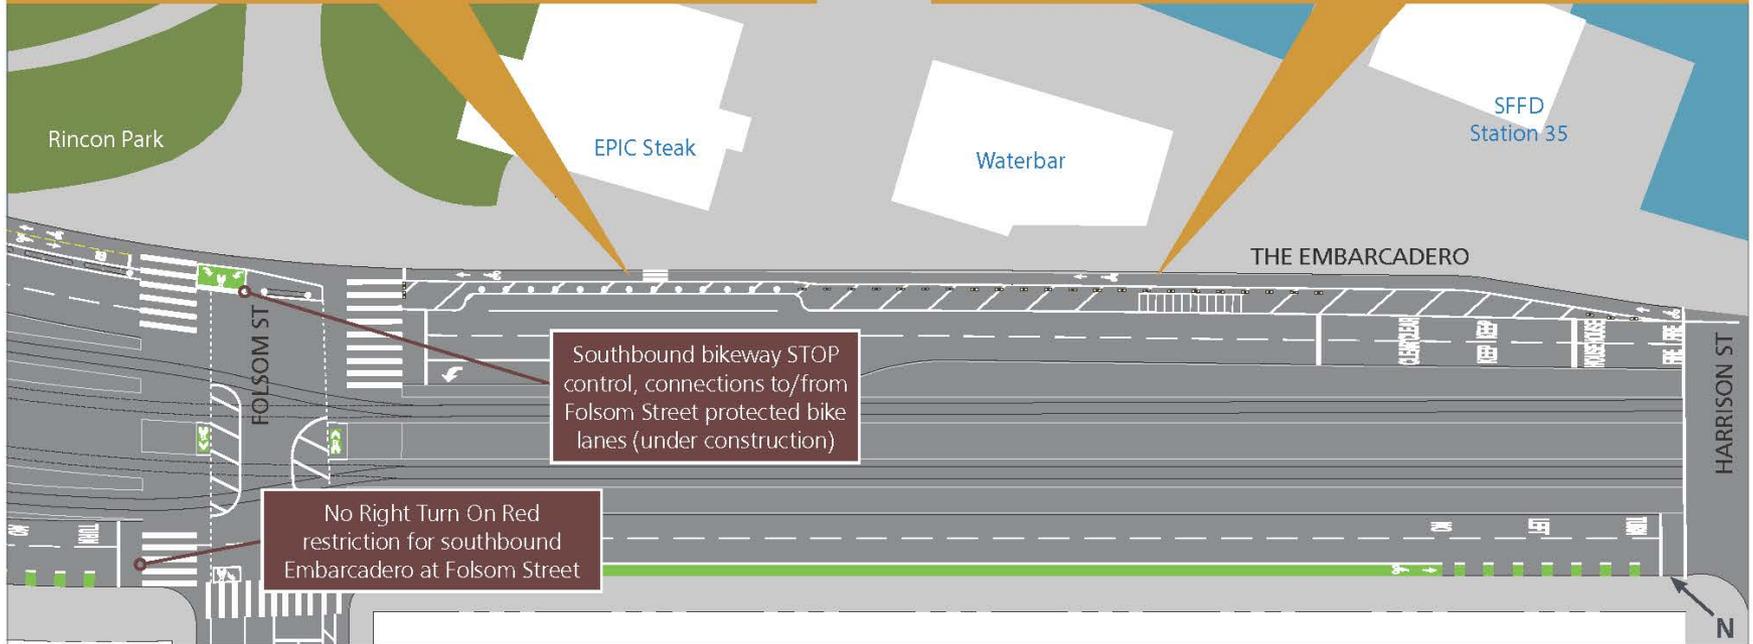

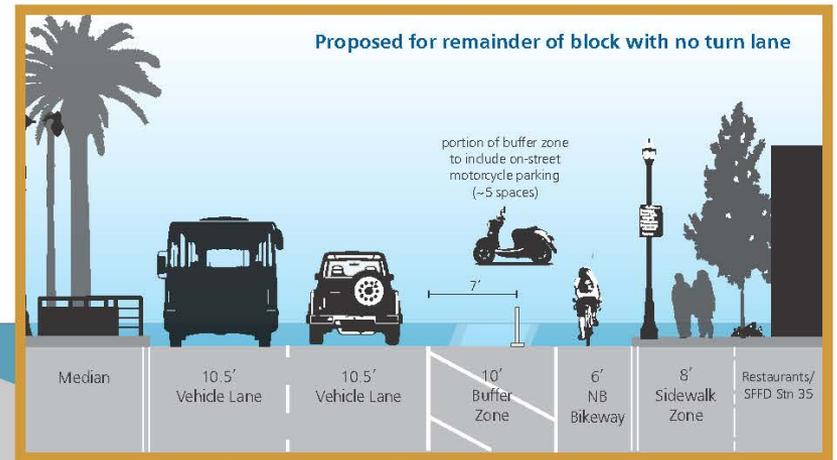

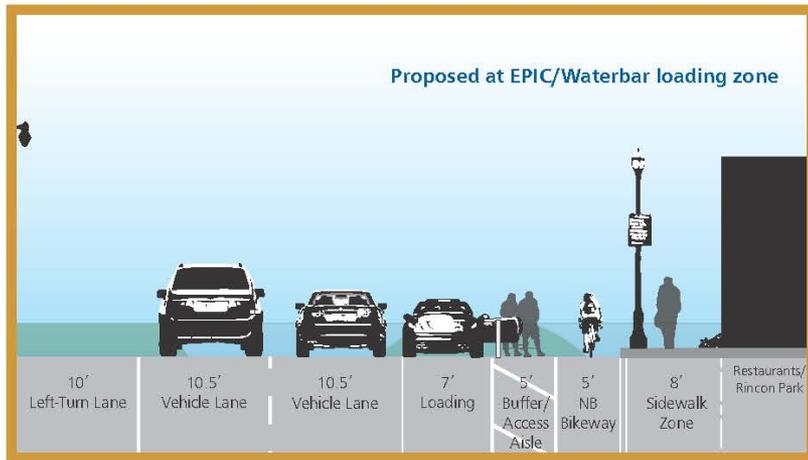

1. Build a safer Embarcadero for all users
2. Improve connections between The Embarcadero, nearby neighborhoods, and the region
3. Elevate The Embarcadero's role as a valued destination and workplace for locals, visitors, businesses, maritime and Industrial users
4. Invest in critical infrastructure to support the renewal and recovery of our City while protecting public health

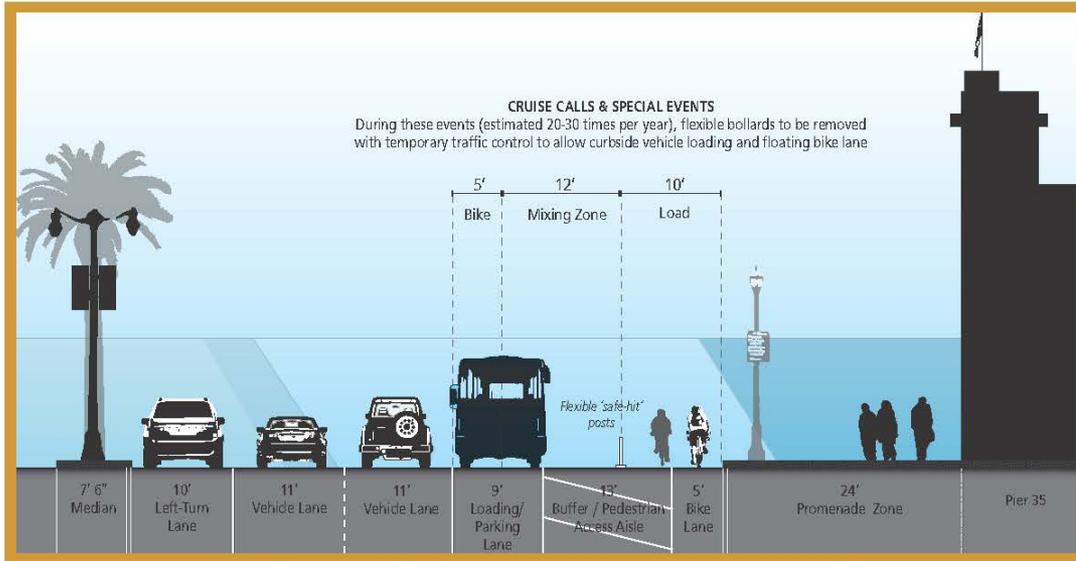

# Folsom to Mission (Ferry Terminal)

# Rincon Park Restaurants

# Pier 35

During cruise calls and other large events, certain 'flex' posts will be removed temporarily to allow curbside loading and biking adjacent to the travel lanes (similar to existing conditions). Temporary signs and uniformed police officers will be deployed to direct vehicles, bicyclists and pedestrians as appropriate to maintain safety during these events.

# 2020 Quick-Build Timeline (subject to change)

June

July
