Flooding	Flooding at 155 Townsend #11776254 Work dispatched to truck 6810 on Dec 5 Workers in the area also stated there was no issue at 153 Townsend; usually there will be ponding when it rains, so that's the best time to report the ponding.
Tree Issues	Missing Tree at 62 Townsend Street (to be planted per public works) Beale Street trees requested for trimming Bryant Street trees requested for trimming Delancey between Bryant and Brannan Brannan between Delancy and Beale 570 Beale Street
	These areas are not scheduled for routine pruning in the near future. In December 2019 Fix-It requested BUF tree inspection throughout this area, and expedited pruning for any trees found to be overgrown. Fix-It confirmed that prior to the opening of the Nav Center, BUF crews assisted with landscaping on site to provide a cleanup and pruning of vegetation there. They also sent our arborist crew to prune branches that were in contact with the Sprung structure. In addition, Landscape crews are making weekly stops on high priority sites like the Rincon Hill Dog Park and the Embarcadero.
Broken Curb	#11776234 at 199 Townsend Street (get an eta on repair) Per the BSM Supervisor this is a private property issue and the owner has been notified

Improved fencing requested at the Catacombs

Public Works recent estimate to repair/replace fencing is approximately \$650K. Supervisor Haney's office is working with Public Works on a capital improvement project funding request to install tamper-proof fencing on both sides of the catacombs. Currently, Public Works cleans the area twice a week, and SFPD have committed to more visits.

[570 Beale Street) Benches at Beale and Embarcadero need bars on them to prevent one person from taking over the entire seating area, neighbors also requested removal

Email sent to public works on 1/13/20, Completed by 1/27.

Concern	Status	
Lighting Assessment requested on Beale Street between Bryant and Embarcadero	High wattage bulbs were installed on 8/2/19 and Public Works was asked to trim trees in the area to allow more light to get through the canopy. Expected increase is 50% more light (this is considered to be a large increase). If there are still lighting concerns, please let Fix-It know and we will further evaluate.	
Lights Out along Embarcadero	2.4.2020 - PUC confirmed the lights have been fixed along Embarcadero. 2.3.2020 - PG&E confirmed there is an underlying issue with some of their lights in this area and they are working on it. An update is expected in about a week. On December 10 Fix-It visited the area and reported 14 total lights out. #11776311 - light #724 at 7 Embarcadero Completed 12/19 "Checked & light is working fine"	
Brannan from Delancy to 2nd Street no street lights	SR#11776311 submitted December 10th; PUC Streetlight engineers are evaluating the area for improvement.	
570 Beale Street historical lights, requesting brighter bulbs	PUC Streetlight engineers are evaluating the area for improvement.
